For many years, Aqua have offered anglers exceptional kit to assist them on their quest for big special carp. In this years catalogue we visit four iconic waters that have been producing these special moments for as long as we have been creating some of the most desirable products available.

Welcome to our 2018 catalogue. Simon kicks it off as he ventures south to a 56 acre **water park** that has captivated anglers imaginations ever since Mike Willmott's expose' within the pages of his bestselling book "Carp Life". A late summer morning and Simon sets off on his journey past the towering diving board pausing briefly in the bus stop to take in the atmosphere, following in the footsteps of all those who have gone before him.

Further North we find ourselves in rural Shropshire, an area steeped in carp fishing history. A venue well documented in publications lining carp angler's shelves for decades - a venue affectionately known as **the Swamp** to all those lucky enough to fish the hallowed water. Andy travels through time recreating memories of bygone eras, pitting his wits against the wildest of carp. Along the journey he has a chance encounter with whom he shares a brew as the history lesson unfolds.

Back in the South, Jimmy opens the gates with a flying visit to the deep, rich and weedy waters of Horton **Church Lake**, once home to The Parrot, Shoulders, Dumpy and No Name - a real pinnacle of UK carp venues. From the lodge, where if walls could talk it would tell some tales, to the banks trodden by so many high profile anglers who have each gone head to head against some of the finest carp in the country as they strive to make their mark in carp fishing folklore.

Last but not least, Myles takes time out from his latest campaign to embark on a Wraysbury session, the area in question, the famous **dredger bay**. With the rusting bulk, a display of its industrial past and an iconic feature in the most challenging of waters. A venue made famous for producing the British record "Mary", while not forgetting well known residents such as Mallins, The Pug and more recently King Fungus.

As our journey through the iconic venues draws to an end we hope you enjoy the catalogue as much as we enjoyed producing it and we would like to take this opportunity to thank everyone involved and all those that made it possible.

### M3 COMPACT

The popular compact bivvy with a swim friendly footprint

£499.99

Using the tried and tested 16mm rigid pre-formed and powder coated aluminium tube (introduced in 2000 on the original MK1) this bivvy bridges the gap nicely between a classic one man and a Fast & Light broly offering a neat compact set up. The M3 Compact benefits from a unique and stable, twin rib design with a swim friendly footprint.

#### MATERIAL

Performance grade Aquatexx®  
16mm Pre-formed aluminium frame

#### WEIGHT

Bivvy: 4.5kg  
Full System: 11.5kg

#### DIMENSIONS

Footprint: W 245cm x D 198cm

### M3 COMPACT WRAP

All year protection for your compact set up

£289.99

Performance grade Aquatexx® wrap featuring the same configuration of mesh vents that we use on the M3 Compact bivvy. The wrap has all the expected cold weather benefits, turning our compact bivvy into a twin skin shelter and also reducing condensation during the spring and autumn. During the warmer months, the wrap will keep the living space darker and as cool as possible. The front and rear vent system creates a flow of fresh air and works perfectly with the bivvy's matching system.

#### MATERIAL

Performance grade Aquatexx®

#### WEIGHT

4.1kg

#### FEATURES

- Small porch area
- Two-way zipped door
- 4 Mozzi vents (3 front & 1 rear)
- Rod retaining straps (2 front & 2 rear)
- Clear window included

### FAST & LIGHT MK2

The mobile anglers first choice, lightweight & compact

£299.99

Our space saving, high tensile steel frame offers extra head room but maintains a slender pack size. The 9th rib (a firm favourite with users) allows unhindered vistas and our 55" frame with redesigned wings gives an increased level of coverage. Black powder coated fittings and fixtures compliment the green Aquatexx®, giving you a great looking, high performing mobile shelter.

#### MATERIAL

Performance grade Aquatexx®  
High tensile steel frame  
Machined aluminium bell cap  
Powder coated alloy fittings

#### WEIGHT

Brolly: 5.2kg  
Full System: 6.8kg

- Supplied in a heavy duty carry bag
- Requires 24" Quick Sticks (sold separately)
- Over wraps available separately

402111

### FAST & LIGHT OVER WRAP

Lightweight, twin skin solution for your favourite brolly

£149.99

A solution for Fast & Light users to continue using the brolly all year round, in any weather. The over wrap twin skins the brolly helping to reduce condensation but is primarily designed to convert the Fast & Light into a full fronted shelter. In true mobile style this wrap is small enough to neatly stow away in your tackle should the weather conditions dictate.

#### MATERIAL

Performance grade Aquatexx®

#### WEIGHT

3kg (including pegs)

#### FEATURES

- Compact pack down
- Lightweight design
- Converts brolly into fully enclosed shelter
- Two-way zippered door
- 2 Front rod retaining straps
- Auger point pegs included
- Supplied in an Aquatexx® carry bag
- Compatible with all previous Fast & Light brollies
- Requires 32" Quick Sticks (sold separately)

402113

### CAMO FAST & LIGHT OVER WRAP

The DPM camo option for your Fast & Light brolly

£159.99

For camo lovers, this DPM over wrap offers the same features as the green version. Compact pack down size, keeping the weight of a full bivvy system to a minimum which is perfect for the type of anglers who love the mobility of using a Fast & Light brolly.

#### MATERIAL

Performance grade Aquatexx®

#### WEIGHT

3kg (including pegs)

#### FEATURES

- Compact pack down
- Lightweight design
- Converts brolly into fully enclosed shelter
- Two-way zippered door
- 2 Front rod retaining straps
- Auger point pegs included
- Supplied in an Aquatexx® carry bag
- Compatible with all previous Fast & Light brollies
- Requires 32" Quick Sticks (sold separately)

403703

### FAST & LIGHT GROUND SHEET

Complete your all weather Fast & Light brolly system

£59.99

Hard wearing, compact groundsheet specifically designed for the Fast & Light brolly and uses the same brolly pegs to maintain position for full protection against mud and moisture.

#### MATERIAL

Hardwearing PVC

#### WEIGHT

1.6kg

#### FEATURES

- Seamless design to reduce water ingress
- Branded rubber tag to indicate door positioning
- Fits all Fast & Light brollies
- Supplied in a lightweight sleeve

### QUICK STICKS

Designed to make set up and pack down times even easier by utilising a quick fit mechanism. These Aqua Quick Sticks are finished in a matt black powder coating and feature twin locking nuts to prevent slippage. Both 32" and 48" Quick Sticks will add stability to the front of the brolly when bad weather is expected. If you use one of our brolly over wraps, adding front poles is essential and we recommend using the 32" version which will give more adjustability.

403800

#### 24" QUICK STICK

£13.99

- Required for all Fast & Light brollies
- Extendable to 40"
- Sold individually

403801

**STAXX STORAGE SYSTEM**

Available in four capacities our new stackable storage boxes offer the perfect solution to keeping your tackle organised on the bank, in your vehicle or at home. For those who leave spare tackle in the car they act as the perfect boot organiser and on prolonged sessions these boxes are ideal for transporting bait tubs, bulky tackle, keeping delicate equipment secure or messy gear out of the way. For the angler who likes to keep everything neat and tidy in the shed or garage you have a perfect storage solution, organised and ready to grab and go. Based on a tried and tested military design. Constructed from heavy duty polypropylene means that not only are the boxes waterproof but will also help to eliminate unwanted attention from rodents. The reinforced structure is moulded to keep contents safe from bumps and knocks whilst in transit and the hinged lid features holes for padlocks if you need extra security.

3 Standard Cool Bags

1 Session Cool Bag + 1 Standard Cool Bag

2 Brew Kit Bags + 1 Standard Cool Bag

**AQUA PRODUCTS AIR-DRY BAGS**

For extended sessions you need bait to stay fresh and if your baiting method is a throwing stick then your boilies need to be hard enough to withstand the force. In order to dry them out effectively, a good quality air-dry bag is needed, and having a suitable sized air-dry bag will also help.

Aqua air-dry bags are robust and very well constructed using excellent quality, cross weave mesh. The standard sized air-dry bags will hold around 4 kilos of boilies and are available in green and camo. Our XL version will hold over 5 kilos of boilies. A quality zippered top ensures easy access and 30mm webbing handles give that important secure anchor point.

- FEATURES**
- Cross weave knitted mesh for strength
  - Wide 30mm webbing
  - #10 Zips

# QUIVERS & SLEEVES

Aqua Products no nonsense RS Quivers are based on our original concept with a main compartment to house a shelter and front loading pocket, perfect for weigh slings or bank sticks. Our tried and tested Nyllex reinforced base makes these quivers durable and robust. Many quiver users add tip protectors to cover their rods but if you need more protection then our simple to use RS Top Sleeve is padded, lined and streamlines the rods to prevent any unwanted tangles with the usual bankside snags during transit. Alternatively our RS Quivers are compatible with our three quarter length Individual Rod Sleeves, Full Rod Sleeves and also our Aquatexx® Lightweight Rod Sleeves.

404806  
**RS5 QUIVER**  
 Perfect quiver for 3 rods, plus spod and marker  
**£46.99**

With capacity for 5 rods, reels and a large shelter, the RS5 is suited to the common 3 rod, spod and marker set ups. Heavy shelters can cause stress on quivers so our Nyllex reinforced base is durable and robust.
